Note 1. General

The accompanying Consolidated Condensed Financial Statements of The Cooper Companies, Inc. and its subsidiaries have been prepared in accordance with generally accepted accounting principles in the United States (GAAP) for interim financial information and with the requirements of Regulation S-X, Rule 10-01 for financial statements required to be filed as a part of this Quarterly Report on Form 10-Q. Unless the context requires otherwise, terms "the Company", "we", "us", and "our" are used to refer collectively to The Cooper Companies, Inc. and its subsidiaries.

The accompanying Consolidated Condensed Financial Statements and related notes are unaudited and should be read in conjunction with the audited Consolidated Financial Statements of the Company and related notes as contained in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2024. The Consolidated Condensed Financial Statements include all adjustments (consisting only of normal recurring adjustments) and accruals necessary in the judgment of management for a fair presentation of the results for the interim periods presented.

Accounting Policies

There have been no material changes to our significant accounting policies described in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024.

Estimates

The preparation of Consolidated Condensed Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of net sales and expenses during the reporting period. Actual results could differ from those estimates. The Company continually monitors and evaluates the estimates used as additional information becomes available. Adjustments will be made to these provisions periodically to reflect new facts and circumstances that may indicate that historical experience may not be indicative of current and/or future results.

Accounting Pronouncements Issued But Not Yet Adopted

In July 2025, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2025-05, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets*, which provides a practical expedient to measure credit losses on current accounts receivable and current contract assets. The practical expedient assumes that current conditions as of the balance sheet does not change for the remaining life of the asset. This ASU is effective for fiscal years beginning after December 15, 2025, and interim periods within those annual reporting periods, with early adoption permitted. We are currently evaluating the impact that the adoption of this guidance will have on our consolidated financial statements and disclosures.

In November 2024, the FASB issued Accounting Standards Update (ASU) 2024-03, *Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses*, which requires additional disclosure of the nature of expenses included in the income statement. The standard requires disclosures about specific types of expenses included in the expense captions presented in the income statement. This ASU is effective for fiscal years beginning after December 15, 2026, and interim periods beginning after December 15, 2027, with early adoption permitted. The requirements should be applied on a prospective basis while retrospective application is permitted. We are currently evaluating the impact that the adoption of this guidance will have on our disclosures.

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*. This ASU requires public entities to disclose specific categories in the effective tax rate reconciliation and additional information for reconciling items that exceed a quantitative threshold. The guidance also requires all disaggregated information pertaining to taxes paid, net of refunds received, for federal, state and foreign income taxes. The new guidance is effective for fiscal years beginning after December 15, 2024, with the option to apply prospectively or retrospectively. Early adoption is permitted. We are currently evaluating the impact that the adoption of this guidance will have on our consolidated financial statements and disclosures and expect to adopt this ASU for the fiscal year ending October 31, 2026.

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures*, which enhances the disclosures required for operating segments in our annual and interim consolidated financial statements. The ASU is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, which means it will be effective from our fiscal year ended October 31, 2025, and interim periods within fiscal years beginning from November 1, 2025, and will be applied retrospectively. We expect the adoption of this standard to expand our annual and interim disclosures for significant segment expenses that are regularly provided to the chief operating decision maker and included within each reported measure of segment profit or loss beginning with our Annual Report on Form 10-K for the fiscal year ending October 31, 2025.

No other recently issued accounting pronouncements had or are expected to have a material impact on our Consolidated Condensed Financial Statements.

Note 2. Acquisitions

All acquisitions were funded by cash generated from operations or facility borrowings.

On August 1, 2024, CooperSurgical completed the acquisition of obp Surgical, a U.S.-based medical device company with a suite of single-use cordless surgical retractors with integrated light source and evacuation channels. The purchase price of the acquisition was \$100.0 million. Assets acquired consisted primarily of \$45.6 million of developed technology, \$8.5 million of customer relationships, \$7.7 million of inventory, \$5.4 million of other net assets, and \$50.6 million of goodwill, which is primarily related to expected synergies from combined operations.

On June 7, 2024, CooperSurgical acquired a fertility company that specializes in sperm separation devices. The purchase price of the acquisition was \$33.5 million. The Company accounted for this acquisition as an asset acquisition, whereby the Company allocated the total cost of the acquisition to the net assets acquired on the basis of their estimated relative fair values on the acquisition date. The primary asset acquired in this asset acquisition is a composite intangible asset of \$39.6 million. The value of the composite intangible asset reflects, in addition to the purchase price, a deferred tax liability of \$8.3 million arising from book/tax basis differences generated upon the acquisition. The composite intangible asset encompasses the portfolio of intellectual property associated with the sperm separation devices including the patents, trademarks, customer relationships, regulatory approvals, and commercialization rights, which have been valued as a single composite intangible asset as they are inextricably linked.

On November 1, 2023, CooperSurgical completed the acquisition of select Cook Medical assets focused primarily on the obstetrics, doppler monitoring, and gynecology surgery markets. The purchase price of the acquisition was \$300.0 million, with \$200.0 million paid at closing and two cash payments of \$50.0 million each to be paid on November 1, 2024 and November 1, 2025. The present value of the acquisition purchase price was \$291.6 million, which is included in the Company's balance sheet. Assets acquired primarily comprised of \$157.9 million of technologies, \$26.6 million of customer relationship related intangibles, and \$107.2 million of goodwill. The goodwill is deductible for tax purposes.

Total debt	\$ 2,478.3	\$ 2,583.7

Additional information regarding our indebtedness is included in our notes to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024. The carrying value of the Company's revolving credit facility and term loans approximates fair value based on current market rates (Level 2). As of July 31, 2025, the Company was in compliance with all debt covenants.

Revolving Credit Agreement on May 1, 2024

On May 1, 2024, the Company entered into a Revolving Credit Agreement (the 2024 Credit Agreement), among the Company, CooperVision International Limited, the lenders from time to time party thereto, and PNC Bank, National Association, as administrative agent. The 2024 Credit Agreement provides for a multicurrency revolving credit facility (the 2024 Revolving Credit Facility) in an aggregate principal amount of \$2,300.0 million which, unless terminated earlier, matures on May 1, 2029. On May 1, 2024, the Company used \$1,170.0 million under the 2024 Revolving Credit Facility to fully repay all borrowings outstanding under the 2020 Term Loan Facility and the 2020 Revolving Credit Facility, and terminated the 2020 Credit Agreement (all as defined below). The Company has an uncommitted option to increase the revolving credit facility or establish a new term loan in an aggregate amount up to the greater of \$1,150.0 million or 100% of consolidated Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA), as defined in the 2024 Credit Agreement.

The 2024 Credit Agreement will bear interest, at the Company's option, at either the base rate, or the adjusted SOFR, or adjusted foreign currency rate, plus, in each case, an applicable rate of between 0.00% and 0.50% in respect of base rate loans, and between 0.87% and 1.50% in respect of adjusted SOFR or adjusted foreign currency rate loans, in each case in accordance with a pricing grid tied to the Total Leverage Ratio, as defined in the 2024 Credit Agreement.

The Company pays an annual commitment fee that ranges from 0.10% to 0.20% of the unused portion of the 2024 Revolving Credit Facility based upon the Company's Total Leverage Ratio, as defined in the 2024 Credit Agreement.

The 2024 Credit Agreement contains customary restrictive covenants, as well as financial covenants that require the Company to maintain a certain Total Leverage Ratio and Interest Coverage Ratio, each as defined in the 2024 Credit Agreement, consistent with the 2020 Credit Agreement discussed below.

On July 31, 2025, the Company had \$930.2 million outstanding under the 2024 Revolving Credit Facility and the weighted-average interest rate on the 2024 Revolving Credit Facility was 5.43%.

Term Loan Agreement on December 17, 2021

On December 17, 2021, the Company entered into a Term Loan Agreement (the 2021 Credit Agreement) by and among the Company, the lenders from time to time party thereto, and PNC Bank, National Association, as administrative agent. The 2021 Credit Agreement provides for a term loan facility (the 2021 Term Loan Facility) in an aggregate principal amount of \$1,500.0 million, which, unless terminated earlier, matures on December 17, 2026.

On May 1, 2024, in connection with the Company's entry into the 2024 Credit Agreement, the Company entered into Amendment No. 2 to the 2021 Credit Agreement, modifying the 2021 Credit Agreement by, among other things, conforming certain provisions therein to those contained in the 2024 Credit Agreement.

On July 31, 2025, the Company had \$1,500.0 million outstanding under the 2021 Term Loan Facility and the interest rate was 5.30%.

Revolving Credit and Term Loan Agreement on April 1, 2020

On April 1, 2020, the Company entered into a Revolving Credit and Term Loan Agreement (the 2020 Credit Agreement), among the Company, CooperVision International Holding Company, LP, CooperSurgical Netherlands B.V., CooperVision Holding Kft, the lenders from time to time party thereto, and KeyBank National Association, as administrative agent. The 2020 Credit Agreement provided for (a) a multicurrency revolving credit facility (the 2020 Revolving Credit Facility) in an aggregate principal amount of \$1,290.0 million and (b) a term loan facility (the 2020 Term Loan Facility) in an aggregate principal amount of \$850.0 million, each of which, unless terminated earlier, mature on April 1, 2025. The Company had an uncommitted option to increase the revolving credit facility or establish a new term loan in an aggregate amount up to \$1,605.0 million.

On May 1, 2024, in connection with the Company's entry into the 2024 Credit Agreement, the Company terminated the 2020 Credit Agreement. In connection with the termination, all borrowings outstanding under the 2020 Credit Agreement were repaid.

Note 6. Income Taxes

The effective tax rates for the three months ended July 31, 2025, and July 31, 2024, were 35.3% and 36.1%, respectively. The decrease was primarily due to adjustments related to filing the prior year US tax return, partially offset by changes in the geographical composition of pre-tax earnings. The effective tax rates for the nine months ended July 31, 2025, and July 31, 2024, were 35.4% and 33.6%, respectively. The increase was primarily due to changes in valuation allowance and a decrease in excess tax benefits from share-based compensation, partially offset by changes in unrecognized tax benefits and changes in the geographic composition of pre-tax earnings.

Share Repurchases

In March 2017, the authorization under the 2012 Share Repurchase Program was increased to \$1.0 billion by the Company's Board of Directors. As of July 31, 2025, \$163.6 million remains authorized for repurchase.

During the three and nine months ended July 31, 2025, the Company repurchased 0.7 million and 1.2 million shares of its common stock for \$52.2 million and \$92.8 million, at a weighted average price of \$71.97 and \$73.51 per share, respectively. There were no share repurchases during the three and nine months ended July 31, 2024.

Dividends

In December 2023, the Company's Board of Directors decided to end the declaration of a semiannual dividend.

Note 10. Contingencies and Commitments

The Company is involved in various lawsuits, claims and other legal matters from time to time that arise in the ordinary course of conducting business, including matters involving our products, intellectual property, supplier relationships, distributors, competitor relationships, employees and other matters. The Company does not believe that the ultimate resolution of these proceedings or claims pending against it could have a material adverse effect on its financial condition or results of operations. At each reporting period, the Company evaluates whether or not a potential loss amount or a potential range of loss is probable and reasonably estimable under ASC 450, *Contingencies*. Legal fees are expensed as incurred.

As of July 31, 2025, the Company entered into additional leases that have not yet commenced in order to expand manufacturing as well as research and development capacity. The undiscounted lease payments are estimated at \$181.8 million for leases that will commence between the fourth quarter of fiscal 2025 through fiscal 2026, with initial terms ranging from 20 to 24 years.

Note 12. Financial Derivatives and Hedging

As of July 31, 2025, the notional amount of outstanding foreign currency forward contracts was \$26.8 million. The resulting impact on our Consolidated Financial Statements from currency hedging activities was not significant for the three and nine months ended July 31, 2025 and July 31, 2024.

As of July 31, 2025, the Company has eight interest rate swap contracts that have a total notional amount of \$1.6 billion and remaining maturities of less than three years.

The following table summarizes the amounts recognized with respect to our derivative instruments within the accompanying Consolidated Condensed Statements of Income and Comprehensive Income:

Periods Ended July 31, (In millions)	Location of (Gain)/Loss Recognized on Derivatives	Three Months		Nine Months

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995. These include statements relating to plans, prospects, goals, strategies, future actions, events or performance and other statements which are other than statements of historical fact, including: statements regarding the expected impact of global macroeconomic conditions, and statements regarding acquisitions (including the acquired companies' financial position, market position, product development and business strategy, expected cost synergies, expected timing and benefits of the transaction, difficulties in integrating entities or operations, as well as estimates of our and the acquired entities' future expenses, sales and earnings per share) that are forward-looking. In addition, all statements regarding anticipated growth in our net sales, anticipated effects of any product recalls, anticipated market conditions, planned product launches, restructuring or business transition expectations, regulatory plans, and expected results of operations and integration of any acquisition are forward-looking. To identify these statements, look for words like "believes," "outlook," "probable," "expects," "may," "will," "should," "could," "seeks," "intends," "plans," "estimates" or "anticipates" and similar words or phrases. Forward-looking statements necessarily depend on assumptions, data or methods that may be incorrect or imprecise and are subject to risks and uncertainties. Among the factors that could cause our actual results and future actions to differ materially from those described in forward-looking statements are:

- Adverse changes in the global or regional general business, political and economic conditions, including the impact of continuing uncertainty and instability of certain countries, man-made or natural disasters and pandemic conditions, that could adversely affect our global markets, and the potential adverse economic impact and related uncertainty caused by these items.
- The impact of international conflicts and the global response to international conflicts on the global and local economy, financial markets, energy markets, currency rates and our ability to supply product to, or through, affected countries.
- Our substantial and expanding international operations and the challenges of managing an organization spread throughout multiple countries and complying with a variety of legal, compliance and regulatory requirements.
- The actual imposition or threats of tariffs, customs duties and fees by the U.S. government and other nations in response and other retaliatory actions, such as trade protection measures, import or export licensing requirements, new or different customs duties, trade embargoes and sanctions and other trade barriers, as well as the impact of the Company's efforts to mitigate the effects of such tariffs or similar measures.
- Foreign currency exchange rate and interest rate fluctuations including the risk of fluctuations in the value of foreign currencies or interest rates that would decrease our net sales and earnings.
- Our existing and future variable rate indebtedness and associated interest expense is impacted by rate increases, which could adversely affect our financial health or limit our ability to borrow additional funds.
- Changes in tax laws, examinations by tax authorities, and changes in our geographic composition of income.
- Acquisition-related adverse effects including the failure to successfully achieve the anticipated net sales, margins and earnings benefits of acquisitions, integration delays or costs and the requirement to record significant adjustments to the preliminary fair value of assets acquired and liabilities assumed within the measurement period, required regulatory approvals for an acquisition not being obtained or being delayed or subject to conditions that are not anticipated, adverse impacts of changes to accounting controls and reporting procedures, contingent liabilities or indemnification obligations, increased leverage and lack of access to available financing (including financing for the acquisition or refinancing of debt owed by us on a timely basis and on reasonable terms).
- Compliance costs and potential liability in connection with U.S. and foreign laws and health care regulations pertaining to privacy and security of personal information, such as the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the California Consumer Privacy Act (CCPA) in the U.S. and the General Data Protection Regulation (GDPR) requirements in Europe, including but not limited to those resulting from data security breaches.
- A major disruption in the operations of our manufacturing, accounting and financial reporting, research and development, distribution facilities or raw material supply chain due to challenges associated with integration of acquisitions, man-made or natural disasters, pandemic conditions, cybersecurity incidents or other causes.
- A major disruption in the operations of our manufacturing, accounting and financial reporting, research and development or distribution facilities due to the failure to perform by third-party vendors, including cloud computing providers or other technological problems, including any related to our information systems maintenance, enhancements or new system deployments, integrations or upgrades.
- A successful cybersecurity attack which could interrupt or disrupt our information technology systems, or those of our third-party service providers, or cause the loss of confidential or protected data.

THE COOPER COMPANIES, INC. AND SUBSIDIARIES
Item 2. Management's Discussion and Analysis of Financial Condition
and Results of Operations

- Market consolidation of large customers globally through mergers or acquisitions resulting in a larger proportion or concentration of our business being derived from fewer customers.
- Disruptions in supplies of raw materials, particularly components used to manufacture our silicone hydrogel lenses.
- New U.S. and foreign government laws and regulations, and changes in existing laws, regulations and enforcement guidance, which affect areas of our operations including, but not limited to, those affecting the health care industry, including the contact lens industry specifically and the medical device or pharmaceutical industries generally, including but not limited to the EU Medical Devices Regulation (MDR) and the EU In Vitro Diagnostic Medical Devices Regulation (IVDR).
- Legal costs, insurance expenses, settlement costs and the risk of an adverse decision, prohibitive injunction or settlement related to product liability, patent infringement, contractual disputes, or other litigation.
- Limitations on sales following product introductions due to poor market acceptance.
- New competitors, product innovations or technologies, including but not limited to, technological advances by competitors, new products and patents attained by competitors, and competitors' expansion through acquisitions.
- Reduced sales, loss of customers, reputational harm and costs and expenses, including from claims and litigation related to product recalls and warning letters.
- Failure to receive, or delays in receiving, regulatory approvals or certifications for products.
- Failure of our customers and end users to obtain adequate coverage and reimbursement from third-party payers for our products and services.
- The requirement to provide for a significant liability or to write off, or accelerate depreciation on, a significant asset, including goodwill, other intangible assets and idle manufacturing facilities and equipment.
- The success of our research and development activities and other start-up projects.
- Dilution to earnings per share from acquisitions or issuing stock.
- Impact and costs incurred from changes in accounting standards and policies.
- Risks related to environmental laws and requirements applicable to our facilities, products or manufacturing processes, including evolving regulations regarding the use of hazardous substances or chemicals in our products.
- Risks related to environmental, social and corporate governance (ESG) issues, including those related to regulatory and disclosure requirements, climate change and sustainability.
- Other events described in our Securities and Exchange Commission filings, including the "Business" and "Risk Factors" sections in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024, as such Risk Factors may be updated in quarterly filings including updates made in this filing.

We caution investors that forward-looking statements reflect our analysis only on their stated date. We disclaim any intent to update them except as required by law.

Results of Operations

In this section, we discuss the results of our operations for the third quarter of fiscal 2025 ended July 31, 2025, compared with the same period of fiscal 2024. We discuss our cash flows and current financial condition under "Capital Resources and Liquidity." Within the tables presented, percentages are calculated based on the underlying whole-dollar amounts and, therefore, may not recalculate exactly from the rounded numbers used for disclosure purposes.

Outlook

We are optimistic about the long-term prospects for the worldwide contact lens and general health care markets, and the resilience of and growth prospects for our businesses and products. However, we face significant risks and uncertainties in our global operating environment as further described in the Part II, Item 1A "Risk Factors" herein. These risks include uncertain global and regional business, political and economic conditions, including but not limited to those associated with man-made or natural disasters, pandemic conditions, inflation, foreign exchange rate fluctuations, regulatory developments, supply chain disruptions, and escalating global trade barriers and disruptions, such as the impact of tariffs. These risks and uncertainties have adversely affected our sales, cash flow and performance in the past and could further adversely affect our future sales, cash flow and performance.

CooperVision - We compete in the worldwide contact lens market with our spherical, toric, multifocal, and toric multifocal contact lenses offered in materials like silicone hydrogel Aquaform technology. We believe that there will be lower contact lens wearer dropout rates as technology improves and enhances the wearing experience through a combination of improved designs and materials and the growth of preferred modalities such as single-use and monthly wearing options. CooperVision also competes in the myopia management and specialty eye care contact lens markets with myopia management contact lenses using its ActivControl technology and with products such as orthokeratology (ortho-k) and scleral lenses. CooperVision has U.S. Food and Drug Administration (FDA) approval for its MiSight 1 day lens, which is the first and only FDA-approved product indicated to slow the progression of myopia in children with treatment initiated between the ages of 8-12. Further, CooperVision has Chinese National Medical Products Administration (NMPA) approval for its MiSight 1 day lens for use in China. CooperVision is focused on greater worldwide market penetration using recently introduced products, and we continue to expand our presence in existing and emerging markets, including through acquisitions.

Our ability to compete successfully with a full range of silicone hydrogel products is an important factor to achieving our desired future levels of sales growth and profitability. CooperVision manufactures and markets a wide variety of silicone hydrogel contact lenses. Our single-use silicone hydrogel product franchises, clariti, MyDay and MyDay Energys, remain a focus as we expect increasing demand for these products, as well as future single-use products, as the global contact lens market continues to shift to this modality. Outside of single-use, the Biofinity and Avaira Vitality product families comprise our focus in the FRP, or frequent replacement product, market which encompasses the monthly and two-week modalities. Included in this segment are unique products such as Biofinity Energys, which helps individuals with digital eye fatigue.

CooperSurgical - Our CooperSurgical business competes in the fertility and women's health care market through its diversified portfolio of products and services, including fertility products and services, medical devices, cryostorage (such as cord blood and cord tissue storage) and contraception. CooperSurgical has established its market presence and distribution system by developing products and acquiring companies, products and services that complement its business model.

Competitive factors in the segments in which CooperSurgical competes include technological and scientific advances, product quality and availability, price and customer service (including response time and effective communication of product information to physicians, consumers, fertility clinics and hospitals).

We protect our products through patents and trademark registrations, both in the United States and in international markets. We monitor competitive products trademark use worldwide and, when determined appropriate, we have enforced and plan to continue to enforce and defend our patent and trademark rights. We also rely upon trade secrets, licenses, technical know-how and continuing technological innovation to develop and maintain our competitive position.

CooperVision, CooperSurgical, and other trade names, trademarks or service marks of the Company and its subsidiaries appearing in this report are the property of the Company and its subsidiaries. Trade names, trademarks and service marks of the other companies appearing in this report are the property of their respective holders.

Net Sales

The contact lens market has two major product categories:

- Toric and multifocal lenses including lenses that, in addition to correcting near- and farsightedness, address more complex visual defects such as astigmatism and presbyopia by adding optical properties of cylinder and axis, which correct for irregularities in the shape of the cornea; and
- Spherical lenses, including lenses that correct near- and farsightedness uncomplicated by more complex visual defects, myopia management lenses, which slow the progression of and correct myopia in age-appropriate children, and other specialty lenses.

Sphere, other	1,027.5	999.0	3 %
	<u>\$ 2,034.1</u>	<u>\$ 1,933.0</u>	5 %

In the three and nine months ended July 31, 2025, the growth experienced across all categories was positively impacted by favorable foreign exchange rate fluctuations of approximately \$26.8 million and \$4.4 million, respectively.

- Toric and multifocal grew primarily through the success of Biofinity and MyDay.
- Sphere, other grew primarily through MyDay and MiSight.
- "Other" products represented less than 1% of net sales in the three and nine months ended July 31, 2025 and 2024, respectively.

CooperVision Net Sales by Geography

CooperVision competes in the worldwide soft contact lens market and services in three primary regions: the Americas, EMEA (Europe, Middle East and Africa) and Asia Pacific.

Periods Ended July 31, (\$ in millions)	Three Months			Nine Months		
	2025	2024	2025 vs 2024 % Change	2025	2024	2025 vs 2024 % Change

	<u>\$ 718.4</u>	<u>\$ 675.6</u>	6 %	<u>\$ 2,034.1</u>	<u>\$ 1,933.0</u>	5 %

CooperVision's growth in net sales in the Americas and EMEA was primarily attributable to market gains of silicone hydrogel contact lenses. The growth in EMEA was positively impacted by favorable foreign exchange rate fluctuations. Refer to CooperVision Net Sales by Category above for further discussion.

CooperSurgical Net Sales

CooperSurgical supplies the fertility and women's health care market with a diversified portfolio of products and services in two categories:

THE COOPER COMPANIES, INC. AND SUBSIDIARIES
Item 2. Management's Discussion and Analysis of Financial Condition
and Results of Operations

- Office and surgical offerings include products that facilitate surgical and non-surgical procedures that are commonly performed primarily by obstetricians and gynecologists in hospitals, surgical centers, and medical offices. This includes medical devices, cryostorage (such as cord blood and cord tissue storage), and contraception.
- Fertility offerings include highly specialized products and services that target the in vitro fertilization process, including diagnostics testing with a goal to make fertility treatment safer, more efficient and convenient. This includes fertility consumables and equipment, donor gamete services, and genomic services (including genetic testing).

Fertility	383.7	372.1	3 %
	<u>\$ 993.2</u>	<u>\$ 944.0</u>	5 %

In the three months ended July 31, 2025, office and surgical net sales increased primarily due to the acquisition of obp Surgical on August 1, 2024. Fertility net sales increased primarily due to an increase in revenue from consumable products.

In the nine months ended July 31, 2025, office and surgical net sales increased primarily due to increased sales of Paragard contraceptive intrauterine devices and the acquisition of obp Surgical on August 1, 2024. Fertility net sales increased primarily due to an increase in revenue from gamete services and consumable products.

The above growth experienced across all categories was positively impacted by favorable foreign exchange rate fluctuations of approximately \$3.1 million for the three months ended July 31, 2025, while partially offset by unfavorable foreign exchange rate fluctuations of \$2.5 million for the nine months ended July 31, 2025.

Gross Margin

Consolidated gross margin decreased in the three months ended July 31, 2025 to 65% compared to 66% in the three months ended July 31, 2024, primarily driven by inventory write-offs related to a product line exit. Consolidated gross margin remained flat at 67% in the nine months ended July 31, 2025 as compared to the nine months ended July 31, 2024.

Other (income) expense, net	(3.1)	0.8	11.5	3.1
	\$ (1.6)	\$ 0.3	\$ 17.2	\$ 6.3

Foreign exchange loss during the three and nine months ended July 31, 2025 was primarily due to movements of U.S. dollar against various foreign currencies and the effect on intercompany receivables and payables. Foreign exchange loss (gain) during three and nine months ended July 31, 2024 was primarily associated with the weakening of the U.S. dollar against foreign currencies and the effect on intercompany receivables.

Other (income) expense, net decreased in the three months ended July 31, 2025 compared to the three months ended July 31, 2024, primarily due to a gain in minority interest investments. Other expense, net increased in the nine months ended July 31, 2025 compared to the nine months ended July 31, 2024, primarily due to a \$15.7 million loss on the disposal of a minority interest investment.

Provision for Income Taxes

The effective tax rates for the three months ended July 31, 2025, and July 31, 2024, were 35.3% and 36.1%, respectively. The decrease was primarily due to adjustments related to filing the prior year US tax return partially offset by changes in the geographical composition of pre-tax earnings. The effective tax rates for the nine months ended July 31, 2025, and July 31, 2024, were 35.4% and 33.6%, respectively. The increase was primarily due to changes in valuation allowance and a decrease in excess tax benefits from share-based compensation, partially offset by changes in unrecognized tax benefits and changes in the geographic composition of pre-tax earnings.

The One Big Beautiful Bill Act was enacted in the United States during the third quarter of fiscal 2025. It is not expected to have a material impact on the tax provision.

Capital Resources and Liquidity

Working capital as of July 31, 2025 and October 31, 2024 was \$1,127.7 million and \$928.7 million, respectively. The increase in working capital was primarily due to increases in inventories and accounts receivable, partially offset by an increase in short-term debt.

Operating Cash Flow

Cash provided by operating activities in the first nine months of fiscal 2025 increased compared to the first nine months of fiscal 2024, primarily due to increases in net income and net changes in deferred income taxes and operating capital. The net changes in operating capital included an increase in cash collection and a decrease in prepaid and other assets, partially offset by an increase in inventories.

Investing Cash Flow

Cash used in investing activities in the first nine months of fiscal 2025 decreased compared to the first nine months of fiscal 2024, primarily attributable to \$200 million cash paid for the Cook Medical acquisition in the first nine months of fiscal 2024.

Financing Cash Flow

Cash used in financing activities in the first nine months of fiscal 2025 was primarily attributable to net repayments on the revolving credit, the repurchase of common stock and the first installment payment related to the Cook Medical acquisition.

Cash provided by financing activities in the first nine months of fiscal 2024 was primarily attributable to funds received from the 2024 Revolving Credit Facility, partially offset by repayments to fully repay all borrowings outstanding under the 2020 Term Loan Facility and the 2020 Revolving Credit Facility.

The following is a summary of the maximum commitments and the net amounts available to us under different credit facilities as of July 31, 2025:

(In millions)	Facility Limit	Outstanding Borrowings	Outstanding Letters of Credit	Total Amount Available	Maturity Date
Revolving Credit:					
2024 Revolving Credit	\$ 2,300.0	\$ 930.2	\$ —	\$ 1,369.8	May 1, 2029
Term loan:					
2021 Term Loan	1,500.0	1,500.0	n/a	—	December 17, 2026
Total	<u>\$ 3,800.0</u>	<u>\$ 2,430.2</u>	<u>\$ —</u>	<u>\$ 1,369.8</u>	

As of July 31, 2025, the Company was in compliance with all debt covenants. On May 1, 2024, the Company entered into a Revolving Credit Agreement (the 2024 Credit Agreement). The Company drew on the 2024 Credit Agreement to fully repay borrowings outstanding under the 2020 Term Loan and 2020 Revolving Credit Facility and terminated the 2020 Credit Agreement. See Note 5. Financing Arrangements of the Consolidated Condensed Financial Statements for further information.

We have re-evaluated our operating cash flows and cash requirements and continue to believe that current cash, cash equivalents, future cash flow from operating activities and cash available under our 2024 Credit Agreement will be sufficient to meet our anticipated cash needs, including working capital needs, capital expenditures and contractual obligations for at least 12 months from the issuance date of the Consolidated Condensed Financial Statements included in this quarterly report. To the extent additional funds are necessary to meet our liquidity needs such as for acquisitions, share repurchases or other activities as we

execute our business strategy, we anticipate that additional funds could be obtained through the incurrence of additional indebtedness, additional equity financings or a combination of these potential sources of funds; however, such financing may not be available on favorable terms, or at all.

Share Repurchase

In March 2017, the authorization under the 2012 Share Repurchase Program was increased to \$1.0 billion by the Company's Board of Directors. As of July 31, 2025, \$163.6 million remains authorized for repurchase.

During the three and nine months ended July 31, 2025, the Company repurchased 0.7 million and 1.2 million shares of its common stock for \$52.2 million and \$92.8 million, at a weighted average price of \$71.97 and \$73.51 per share, respectively. There were no share repurchases the three and nine months ended July 31, 2024.

Estimates and Critical Accounting Policies

Information regarding estimates and critical accounting policies is included in Management's Discussion and Analysis in our Form 10-K for the fiscal year ended October 31, 2024. There have been no material changes in our policies from those previously discussed in our Form 10-K for the fiscal year ended October 31, 2024.

Accounting Pronouncements

Information regarding new accounting pronouncements is included in Note 1. General of the Consolidated Condensed Financial Statements of this Quarterly Report on Form 10-Q.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

We are exposed to market risks that relate principally to changes in interest rates and foreign currency fluctuations. We do not enter into derivative financial instrument transactions for speculative purposes.

Foreign Currency Exchange Risk

We operate multiple foreign subsidiaries that manufacture and market our products worldwide. As a result, our earnings, cash flow and financial position are exposed to foreign currency risk from foreign currency denominated receivables and payables, sales transactions, capital expenditures and net investment in certain foreign operations. Most of our operations outside the United States have their local currency as their functional currency. We have exposure to multiple foreign currencies, including, among others, the British pound, Euro and Japanese yen. We have taken steps to minimize our balance sheet exposure by entering into foreign currency forward contracts to minimize the short-term impact of foreign currency exchange rate fluctuations on certain trade and intercompany receivables and payables.

At July 31, 2025, a uniform hypothetical 10% increase or decrease in the foreign currency exchange rates in comparison to the value of the U.S. dollar would have resulted in a corresponding increase or decrease of approximately \$26.2 million in operating income for the fiscal quarter ended July 31, 2025. See Note 12. Financial Derivatives and Hedging of the Consolidated Condensed Financial Statements for further information.

Interest Rate Risk

We are exposed to risks associated with changes in interest rates, as the interest rates on our revolving lines of credit and term loans may vary with the federal funds rate and SOFR. As of July 31, 2025, we had outstanding debt for an aggregate carrying amount of \$2.5 billion. We have entered, and in the future may enter, into interest rate swaps to manage interest rate risk.

Our ultimate realized gain or loss with respect to interest rate fluctuations will depend on interest rates, the exposures that arise during the period and our hedging strategies at that time. As an example, if interest rates were to increase or decrease by 1% or 100 basis points, the quarterly interest expense would not have a material impact, based on average debt outstanding, after consideration of our interest rate swap contracts, during the third quarter of fiscal 2025. See Note 5. Financing Arrangements of the Consolidated Condensed Financial Statements for further information.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Based on management's evaluation (with the participation of our Chief Executive Officer (our Principal Executive Officer) and Chief Financial Officer (our Principal Financial Officer)), as of the end of the period covered by this report, due to the material weakness described below, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended, (the Exchange Act)) are not effective as of July 31, 2025 to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms and is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

As reported in Part II, Item 9A. "Controls and Procedures" in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024, the Company previously identified a material weakness in information technology (IT) general controls for the U.S. operations within the CooperSurgical segment, related to the implementation and maintenance of certain enterprise resource planning systems (ERP) during fiscal 2024. The material weakness resulted from not having a sufficient complement of its personnel, inadequate training of personnel and ineffective risk assessment processes to identify and timely respond to the risks related to change management, user control monitoring and segregation of duties in the affected IT environment. Manual controls that rely on system-generated data or reports from the affected IT environment or process level automated controls in the affected IT environment were ineffective because they could have been adversely impacted.

In response to the material weakness, management, with oversight of the Audit Committee of the Board of Directors, is implementing steps to remediate the material weakness. Our internal control remediation efforts include the following:

- Enhancing risk assessment and procedures over our IT general controls for the affected environments;
- Developing the skill sets of employees and additional training programs addressing IT general controls and policies with a focus on those related to change management, user access and segregation of duties over IT systems impacting financial reporting;

- Enhancing controls supporting change management to ensure systems' integrity as well as user access monitoring controls to enforce appropriate system access and segregation of duties.

We are committed to ensuring that our internal control over financial reporting is designed and operating effectively. Management believes the efforts taken to date and the planned remediation will improve the effectiveness of our internal control over financial reporting. While we continue making progress with these remediation efforts, the controls must be operating effectively for a sufficient period of time and be tested by management in order to consider them remediated and conclude that the design is effective to address the risks of material misstatement.

Changes in Internal Control over Financial Reporting

Except as set forth above, there has been no change in our internal control over financial reporting identified in connection with the evaluation required by Rules 13a-15(d) and 15d-15(d) of the Exchange Act during our third quarter of fiscal 2025, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

Information regarding legal proceedings is included in Note 10. Contingencies of the Consolidated Condensed Financial Statements of this Quarterly Report on Form 10-Q.

Item 1A. Risk Factors

Our business faces significant risks. These risks include those referenced below and may include additional risks and uncertainties not presently known to us or that we currently deem immaterial. Our business, financial condition and results of operations could be materially adversely affected by any of these risks, and the trading prices of our common stock could decline by virtue of these risks. These risks should be read in conjunction with the other information in this report.

Risk factors describing the major risks to our business can be found under Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024. There have been no material changes to the risk factors previously disclosed in our Annual Report on Form 10-K for the fiscal year ended October 31, 2024.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

In March 2017, the authorization under the 2012 Share Repurchase Program was increased to \$1.0 billion by the Company's Board of Directors. As of July 31, 2025, \$163.6 million remains authorized for repurchase.

The following table provides information about the shares repurchased by the Company for the three months ended July 31, 2025:

Period	Total number of shares purchased (in thousands)	Average price paid per share	Total number of shares purchased as part of publicly announced plan (in thousands)	Approximate dollar value of shares that may yet be purchased under the plan (in millions)

AS ADOPTED PURSUANT TO SECTION 302
OF THE SARBANES-OXLEY ACT OF 2002

I, Albert G. White III, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of The Cooper Companies, Inc. (the “registrant”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
